Visiting Professors Programme UG

ERASMUS - OPEN CALL FOR STAFF AND STUDENTS

Erasmus+ programme creates mobility opportunities for students and graduates of all three levels of study (bachelor, master or doctoral) to participate in an international practice (traineeship). Mobility can be implemented in enterprises, scientific and research institutions or other types of organizations in countries taking part in Erasmus+ programme. Teaching and administrative staff of UG can take advantage of either teaching or training mobility abroad. Teaching mobility allows to teach at a partner universities abroad. Training mobility supports the professional development of staff in the form of training events abroad and job shadowing. For more information please contact Erasmus Office erasmus.eu@ug.edu.pl

Erasmus+

Polonium Network is here!

FIND CONNECTION: POLONIUM NETWORK

Polonium Network is an international platform created by Polonium Foundation, a go-to place to make finding and sustaining research connections easier. It connects Polish researchers, from all sectors and disciplines, working all around the world, and international researchers interested in opportunities in or collaborations with Poland.

TRAINEESHIPS OFFER IN THE EU INSTITUTIONS

European Economic and Social Committee can offer short, unpaid traineeships from one to three months to university graduates or university students who are required to complete their degree by undertaking a period of in-service training.

The European Union Agency for the Cooperation of Energy Regulators offers traineeship positions in all of its five departments and in the Director's Office, according to the following profiles: Press and Communications, Human Resources, IT, Policies, Market Analysis, Data Analysis

**POLISH NATIONAL AGENCY
FOR ACADEMIC EXCHANGE**

NAWA EXCHANGE PROGRAMME FOR STUDENTS AND SCIENTISTS - DEPARTURE OFFER - THE ACADEMIC YEAR 2022/2023

The objective of the **Programme** is to increase the internationalization of Polish higher education through the exchange of students, doctoral students and academic teachers based on international agreements between Poland and the partner countries. Scholarship mobilities under the Programme will allow to establish or enhance the already existing cooperation between academic centres in Poland and abroad as well as to increase the specialist competences of the representatives of the academic community participating in them.

SCHOLARSHIPS UNDER THE ULAM PROGRAMME 2021 AWARDED!

The Polish National Agency for Academic Exchange (NAWA) has announced the results of the third edition of the Ulam Programme. The Programme entails inviting outstanding foreign researchers from abroad to collaborate with Polish universities and scientific institutions.

51 scientists have been awarded scholarships. They will commence their research stays at Polish universities and scientific institutes from January 2022. This year's beneficiaries have been selected from more than 290 applicants interested in doing research in Poland.

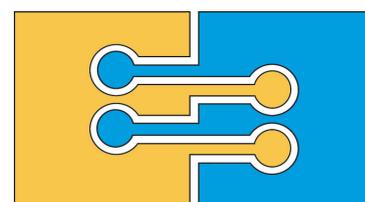

JOIN NAWA ALUMNI COMMUNITY!

New platform for building an international community among alumni of the agency's programs. This is a new tool, that will allow to share events and several other features.

BAYHOST SCHOLARSHIP PROGRAM

The Free State of Bavaria invites applications for its one-year scholarship program for students from Central, Eastern and Southeastern Europe for the academic year 2022/23 via **BAYHOST**. Graduates from Bulgaria, Croatia, the Czech Republic, Hungary, Poland, Romania, Russia, Serbia, Slovakia and Ukraine are eligible to apply. The scholarships are meant to finance postgraduate studies (i.e. master's programs) and PhDs at Bavarian higher education institutions.

B A Y H O S T

DEADLINE FOR FIRST TIME APPLICATIONS: **1st December 2021** (date of receipt!)

DEADLINE FOR APPLICATIONS OF EXTENSION: **28th February 2022** (date of receipt!)

MEETING OF REPRESENTATIVES OF THE FAHRENHEIT UNIVERSITIES AND THE SOUTH AFRICAN AMBASSADOR AT THE UNIVERSITY OF GDAŃSK

On November 19, representatives of the Association of Fahrenheit Universities presented Ambassador **Nomvule Mngomezulu** - the competencies of Gdańsk universities on the education of South Africans. South Africa has almost 2,500 km of sea lines and is looking for an education programme that would strengthen the country's maritime economy.

The offer presented by the universities included not only the engineering studies of the Gdańsk University of Technology but also a preliminary draft of an inter-university course. Representatives of the University of Gdańsk and the Medical University of Gdańsk showed that the development of the maritime economy requires, among other things, medical, economic and legal competencies.
